PRETRIAL ORDER NO. 49

January 29, 2019 Conference

This matter came before the Court for an in-person status conference on January 29, 2019. This Order memorializes the results of that conference as follows:

Initially the parties updated the Court on the implementation of Case Management Order No. 28, which is proceeding without issue. The parties anticipate no issues regarding the ongoing discovery in the post-settlement cases.

The Plaintiffs informed the Court that they anticipate filing several more cases, which will result in approximately 55 post-settlement cases. Each of these cases is one in which the individual plaintiff alleges a probable linked cancer.

The Plaintiffs next reported to the Court the status of a case that could have been transferred to this MDL, but is instead being litigated in Wood County, West Virginia. The state court has set a trial date in April 2019.

Last, the next in person status conference is scheduled for **March 18, 2019 at 1:30 p.m.** As set forth in PTO 1, the parties must confer prior to the status conference and send to the Court, no later than two business days prior to the conference, an agenda of issues to be

addressed. If any of those issues relate to proposed orders or other documents the parties plan to discuss with the Court during the conference, those proposed orders or other documents should be submitted with the agenda. Additionally, if all counsel agree that a telephone status conference is preferable, please inform Penny Barrick at 614-719-3243 or Penny_Barrick@ohsd.uscourts.gov and the Court will permit a telephone conference in lieu of an in-person conference.

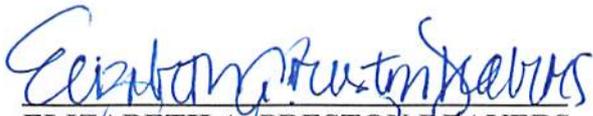

IT IS SO ORDERED.
